

MATH289: Introduction to Data Science – Taylor Arnold – Fall 2021

Website: <https://statsmaths.github.io/dsst289-f21>

Topics: Methods for collecting, manipulating, visualizing, exploring, and presenting data.

Exams: There are four take-home, open-book exams. Grades are given out of 95 points.

Homework: For homework, readings are posted on our website. A form must be submitted each class reporting on completion; grades are assigned based on the completion percentage.

Engagement: A reflection recording one's effort and engagement during the semester is due on the last day of class. A grade will be given out of 95 points.

Final Grades: The exam, homework, and course engagement grades are averaged and a letter grade is assigned as follows: A (93–96), A- (90–92), B+ (87–89), B (83–86), B- (80–82), C+ (77–79), C (73–76), C- (70–72), and F (0–69).

Attendance: Regular attendance is expected. Excessive absences will be dealt with by a warning followed by a reduction on the final course grade.
